All My Papers Announces the Integration of OrboAnywhere from OrboGraph

Enhancements target operational efficiency, payment risk and check fraud prevention

Katy, TX – May 7, 2018 – All My Papers, a developer and distributor of platform solutions for Image Cash Letter (ICL) file processing announced it has integrated several modules of the OrboGraph OrboAnywhere system within AMP Verifier SDK and the All My Checks Application.

The OrboAnywhere suite is comprised of Anywhere Recognition, Anywhere Validate, Anywhere Fraud, Anywhere Compliance, Anywhere Payee and Anywhere Positive Pay. The All My Papers software portfolio together with OrboAnywhere reduces cost associated with data entry, insures image cash letter compliance, and reduces the risk of fraud with check image analysis including automated signature verification, check stock validation, endorsement detection, amount (CAR/LAR) verification, date, payee and payor validation.

"All My Papers proven production ready products and excellent customer support allow OrboGraph to add value to a wider range of workflows via a trusted partner for Image Cash Letter (ICL) processing," stated Andy Leonhardt, Vice President of Sales at OrboGraph.

"OrboGraph allows us to expand our software offerings to bring the high-quality products that are expected from All My Papers for production check image processing," said Tony Fera, CEO of All My Papers. "OrboAnywhere compliments the All My Papers product suite for advanced image processing and fraud detection for processing Image Cash Letter files. Additionally, banks are seeing an increase in check fraud for the first time since 2008 per the ABA Deposit Account Fraud Survey[1]. We believe this upward trend will cause banks to implement more advanced image analysis systems to stem the tide of fraud attempts and losses."

All My Papers products are trusted by hundreds of financial institutions and software companies in production environments for:

- **Image Cash Letter Files** – Creating, viewing, analyzing, printing, extracting and correcting X9.100.187 and variant cash letter files

- **Remote Deposit Capture** – Create Forward and Return Cash Letter Files

- **Items Processing, Returns Processing and Exception Payment Processing**

About All My Papers

All My Papers, Inc. (**www.allmypapers.com**), is now part of the 3Core Software family of companies. All My Papers is a developer and distributor of platform solutions, applications and software development kits for Image Cash Letter (ICL) file processing, return systems, exceptions handling et al. Products include the technologies required to create, read and correct ICL files and to resolve interoperability and data integrity issues such as extracting MICR data from images.

About OrboGraph

OrboGraph (**www.orbograph.com**), a subsidiary of Orbotech,is a premier developer and supplier of Intelligent Payment Automation, including recognition software for the U.S. check and lockbox processing markets, and electronic/paper automation solutions in healthcare revenue cycle management (RCM). Over 1,600 financial institutions, service bureaus, clearinghouses and billers rely on Orbograph technology to process billions of checks and claims annually. Orbograph's cloud-based Healthcare Payments Automation Center (HPAC) streamlines healthcare payments by converting paper-based EOBs, correspondence and patient payments. HPAC automates straight-through processing by posting of receivables into patient management systems and hospital information systems.
